

# Garden Festival Trophy 2025

**Raising Awareness  
of the Plight  
of the Hedgehog**

The competition is to create a Hedgehog, no larger than life-sized, using recycled materials - any medium but nothing perishable.

The Hedgehog should be displayed on a stable base and have a message or messages about why they are endangered - and what can be done to halt their decline. To assist with judging, please list the recycled items used and include with your entry. For inspiration, go to [wildaboutgardens.org.uk](http://wildaboutgardens.org.uk) and search hedgehogs

An independent Judge will be looking for imaginative use of recycled materials and clear messaging that will make an impact when displayed.
